Alabama Splint Coal.

Messrs. P. M. Patterson & Co. have recently accepted the Memphis agency of the Virginia and Alabama Mining and Manufacturing Company, for the sale of their celebrated Alabama Splint Coal, which is of very superior quality for both steam and domestic uses. It is a bright, clear, dry, free burning coal, makes no clinker, but burns to a white ssb, and will retain fire in a grate all night.

The mines of this company are situated in the western part of Walker county, Ala., about 200 miles from Memphis, on the Georgia Pacific and Memphis, Birmingbam and Atlantic Rai roads. Mr. T. C. Leske, jr., presi-dent of the Virginia and Alabama Mining and Manufacturing Company. Kerr, Mary A. Walsh, Lavicia Brooks, informs us that he expects at an early date to make Memphis the distrib-uting point for 500 to 1,000 tops of coal per day from their mines. Messre. P. M. Pat'erson & Co. are now prepared to fill orders for Memphis consum-

ers in any quantity desired.

The introduction of this coal marks a new era for Memphis, and merits -W. T. Thorpe, a planter, who came here from Helena about two months ago, lost his life while bathing in the river about four miles above to whom this city has been forced to the plants of the plants and cheaper fuel, besides the money paid by the consumer does not go to the Pennsylvania operators to whom this city has been forced to the plants of the plants of the plants and cheaper fuel, besides the money paid by the consumer does not go to the Pennsylvania operators to whom this city has been forced to pay tribute for so many years, but is distributed in a territory tributary to Memphy and returns here to our manu's turers and merchants. The introduction of the Alabama splint coal here will prove to be one of the most important factors in making Memphis a cheap manufacturing city, and the chief coal distributing point on the Mississippi river.

Forty Years a Sufferer from

# Catarrh!

WONDERFUL TO RELATE!

"FOR PORTY YEARS I have been a victim to CATARRH—three-fourths of the time a sufferer from EXORUCIATING PAINS ACROSS MY FOREHEAD AND MY NOSTRILS. The discharges were so offensive that I hesitate to mention it, except for the good it may do some other sufferer. I have spent a young fortune from my earnings during my forty years of suffering to obtain relief from the dectors. I have tried patent medicines—every one I could learn of—from the four corners of the earth, with no relief. And AT LAST (57 years of ago) have met with a remedy that has cured me entirely—made me a new man. I weighed 125 younds, and now weigh 146. I used thirteen bottles of the medicine, and the only regret I have is, that being in the humble walks of lie I may not have influence to prevail on all catarrh sufferers to use what has cured me-Guinn's Pioneer Blood Renewer.
